

Face Recognition Temperature with 8 Inch Screen	
Product Image	
Product size	238*128*28 L*W*T (mm)
Aplication Pictures	

Product characteristics	<p>3d digital filtering noise reduction, line-by-line scanning, the screen real fine;</p> <p>Smart Screen Protection Function, Prevent Burns;</p> <p>High stability, low energy saving: High Performance, low power DSP processor, stable operation;</p> <p>Support ID card, residence card, IC card card to open the door in a variety of ways;</p> <p>Support face recognition (live verification) , 3000 picture unit, unlimited number of wall machine;</p> <p>Support personalized fixed Password, dynamic password, visitor password and other password open way;</p> <p>Support Remote Cell Phone Door, call cell phone door, call room number door, call property management office door;</p> <p>Support Visual Intercom, voice intercom (using highly sensitive noise reduction chip) can support visitors to take pictures, support strangers to capture, blacklist comparison</p> <p>Large Screen Advertising, long-distance updating of advertising content, support for interactive advertising, even-screen advertising, support for property fees collection, support for multi-point, point-to-point mass notification, support for property warranty and other functions, support for external monitoring cameras, data Upload in real time</p>
Product name	Specification parameter
Display screen	LCD SCREEN: 8.0 inch IPS LCD screen screen ratio: 10:16 Resolution:800*1280 Display Area:172×107 point distance: 0.13*0.13 contrast:800:1
Cameras	200 W, Binocular Wide Motion Camera, Led and infrared dual fill lamp
Temperature module	32 X 32 dot Matrix, Infrared induction

Motherboard scheme	CPU: 3288 memory: 2GB Built in storage: EMMC 8g operating system: Android6.0
Interface	
Accessories	Manuals, warranty cards, certificates of conformity, adapters
Product structure	Product architect
	Hardware shell + lacquer process + aluminum alloy border
	Installation mode
	Wall mounted type+Vertical machine
	Protective Glass
	2mm toughened glass
Operating parameter	Weight
	2kg
	Product size
	238*128*28 (mm)
	Packing size
Operating parameter	Brightness Control
	Temperature
	Working Environment
	Working Temperature:-15C to + 65 c working humidity: 20% to 95%
	Power supply
	Dc12v wide voltage input
	Power
	15W
